

Jonah craft

(Oct wk 3)

Copy Jonah onto paper or (preferably) cardstock. Cut out (or have kids cut him out). Have kids color Jonah, then fold him in half and (if you want) tape him so that he'll stay folded. Cut a triangle out of the paper plate and then tape or staple to the other end so that your "whale" has a mouth and a tail (see below). Color the whale and glue on a googly eye (if you want).
