

Directions:

- Print both pages
- Color the memory verse part up to the line
- Tape the 2 pieces together with this piece overlapping the other one up to the line on the side
- Lay out with blank side up, setting 5 toilet paper rolls or a paper towel roll (or if you have neither, extra sheets of paper would likely work) on the edge of the paper and then roll up, starting at the non-memory verse side (it should roll up tight to about where the coloring line is)
- tape shut and tape or staple the 2 ends so that the paper rolls don't slide out

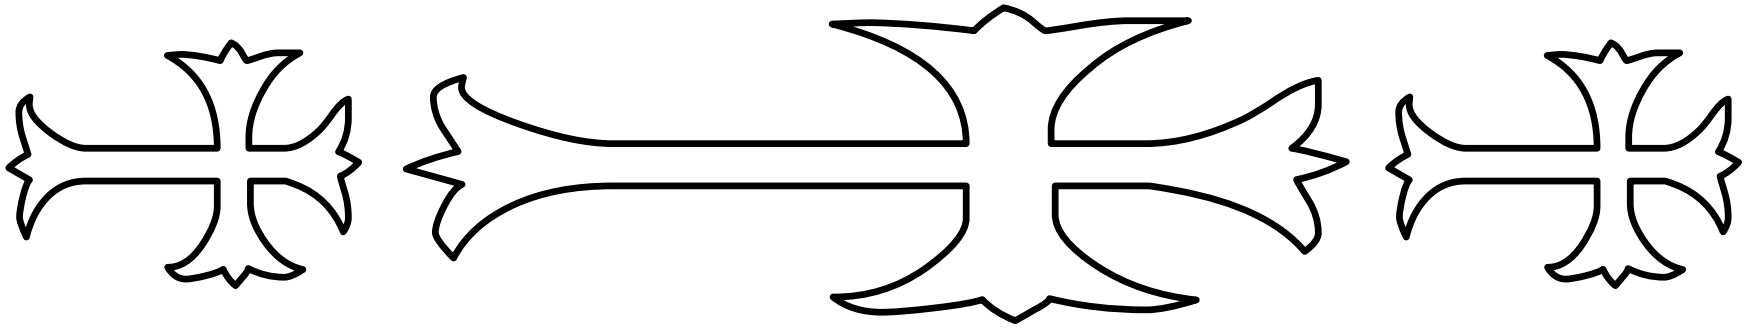

Don't color the part on this side of the line (you won't be able to see it anyway)

Don't color the part on this side of the line (you won't be able to see it anyway)

Tape the other piece to this piece, overlapping to this line
